CASE MANAGEMENT VISITS
AND ASSESSMENTS

FSA: FSA is requiring in-person CM services starting August 2 for any programs that have not yet resumed in-person visits. Case managers may also limit the duration of in-home case management visits and/or meet outdoors or in alternate locations where appropriate. *DHS strongly recommends that case managers get vaccinated against COVID-19 as the safest and most effective protection against the virus.*

Additional guidance regarding safeguards was sent to Providers this morning.
